

Sunscreen & Lotion Application

Permission Form

2018

Child's Name: _____

I give permission for creams and lotions to be applied to my child.

I do not give permission for creams and lotions to be applied to my child.

- All lotions and creams must be supplied by parents. We cannot apply any lotions or creams to your child that have not been provided and approved by you. We recommend that you keep a supply (labeled with your child's name) at the center for classroom use as needed.
- All products marked "keep out of reach of children," according to DHS regulations, must be stored out of reach of children. If you will be providing lotions or creams for your child, please give them directly to your child's teacher. These include any sunscreen, bug spray, diaper creams, lip balm or petroleum jelly, or other moisturizing lotions, and hand sanitizers or soaps.
- If you are providing something that has been prescribed by a doctor (such as a diaper cream or eczema lotion), it must be in the original container with the prescription label intact. You must also complete a medication log. As per center policy, we can only apply medications that are not ingested or are life-sustaining.
- We request that all sunscreen be lotion only; please no aerosol. Aerosols can damage our little lungs!

Please list any creams or lotions you are providing with application directions below (please add as needed):

I would prefer that sunscreen be applied to my child:

before each trip outside **OR** before extended outside play (longer than an hour).
